

MIRROR IMAGE

WHEEL CLEANER AND BRIGHTENER

Mirror Image Wheel Cleaner and Brightener is a powerful concentrate designed to quickly clean and brighten aluminum or painted wheels. **Mirror Image** removes road film, grease and grime that builds up on aluminum wheel hubs, fuel tanks, truck steps, and trailers over time. It also loosens residue in hard-to-reach areas and easily rinses it away. **Mirror Image** was designed for professionals who need a fast-acting, concentrated product.

DIRECTIONS

For normal aluminum cleaning and brightening, dilute this product to water 1:5-1:10. For heavy-duty cleaning, dilute 1:1. **Mirror Image** can be diluted as much as 1:50 for light cleaning and stain removal.

Note: if this product is not sufficiently diluted, the aluminum will dry out to a dull gray.

TECHNICAL DATA

Form	Liquid
Fragrance	Mild acidic
Color	Clear
Wetting Ability	Excellent
Foaming	Good
Phosphates	None
Cold Stability	32°F
Flashpoint	None
Solubility in Water	Complete
pH	2.0 - 3.0
Weight per Gallon	8.65 lbs
Specific Gravity	1.04
Storage Stability	< 1 Year
Biodegradability	Complete

ADDITIONAL INFORMATION

Store in a cool, dry place. Do NOT allow product to freeze. If freezing occurs, stir gently to reconstitute. Dispose of container in accordance with all federal, state and local regulations. Read label for general warnings, cautions and usage information. All detergents used in the manufacturing of this product are biodegradable.
