

RUST BUSTER

RUST, STAIN AND FILM REMOVER CONCENTRATE

Rust Buster is specifically designed to remove rust, stains and film residue from paint, concrete, metal, plastic and glass.

Use **Rust Buster** to expertly remove rust and residue from tanker trailers, sanitation front-end loading trucks, industrial type paint, equipment and tools. It leaves a protective coating on the surface to aid in preventing the rust and stains from reoccurring.

Rust Buster can be used on mild steel, stainless steel, aluminum, glass, plastic, concrete or industrial painted surfaces. **Rust Buster** does not contain any hydrochloric, sulfuric, or hydrofluoric acid; it is industrial strength and biodegradable.

TECHNICAL DATA

Form	Liquid
Fragrance	Mild
Color	Green
Wetting Ability	Excellent
Foaming	None
Detergency	Excellent
Cold Stability	32°F
Flashpoint	None
Solubility in Water	Complete
pH	2.0 - 3.0
Weight per Gallon	9.87 lbs/gal
Specific Gravity	1.18
Storage Stability	1 year
Biodegradability	Complete

DIRECTIONS

Apply manually with a pump sprayer, electric sprayer, air pump or foamer. Use full-strength or dilute chemical 1:1 to 1:3 with water. Spray on surface to be cleaned. Let soak for 5 - 10 minutes. Agitate with high-pressure washer or brush, then rinse off.
