

GREEN CHOICE

ALL-PURPOSE CLEANER & DEGREASER

Green Choice All-Purpose Cleaner & Degreaser removes stubborn road film, bugs, grease, oil and diesel smoke film from heavy equipment such as trucks, cars, boats, fork lifts, cranes, tractors, parts and tools. **Green Choice's** unique, Safer Choice chemical essay and proven cleaning performance make it the perfect product choice for locations without wash racks to capture the wash water. This product is safe on automotive and equipment paints.

Green Choice expertly separates oil from water. This improves your effluent discharge, which particularly benefits industries that have oil water separators. **Green Choice** not only excels as a cleaner, but also efficiently degreases surfaces without permanently emulsifying the grease and oils in the waste water.

Green Choice is formulated specifically with federal institutions, educational institutions, state agencies, military facilities, hospitals, auto facilities, ship yards, sea vessels and many more in mind. Use Industrial Chemical Solutions' **Green Choice** to clean and maintain your facilities with half the work.

This product's ingredients meet the EPA Safer Choice Direct Release criteria. EPA's Safer Choice certification means the ingredients in a product have met stringent criteria for human and environmental health. Even so, care must be taken to avoid discharge of cleaning products into waterways whenever possible.

DIRECTIONS

For general cleaning and degreasing, dilute 1:10 with water. Spray on surface to be cleaned using a pump-up sprayer. Allow to soak for several minutes then rinse with high-pressure hose or hot water, high-pressure washer. **Green Choice** makes an excellent brush wash for all types of cars, trucks, big rigs, boats and equipment. Use **Green Choice** through a hot or cold high pressure washer at 2-4 oz. of product per gallon of water discharged for large, time-sensitive jobs.

EPA/Safer Choice recognition does not constitute endorsement of this product. The Safer Choice label signifies that the product's formula, as Industrial Chemical Solutions has represented it to the EPA, contains ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Industrial Chemical Solutions, its integrity and good faith, for information on the product's composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the product formula, nor evaluated any of Industrial Chemical Solutions non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the product's human health and environmental characteristics, as specified in the Safer Choice Standard and based on currently available information and scientific understanding.

TECHNICAL DATA

| | |
|----------------------------|-----------------------|
| Form | Liquid |
| Fragrance | No added fragrance |
| Color | Blue |
| Wetting Ability | Excellent |
| Foaming | Excellent |
| Cold Stability | 32°F |
| Flashpoint | None |
| Solubility in Water | Complete |
| pH | ≤ 11.5 |
| Weight per Gallon | 8.8 lbs/gal |
| Specific Gravity | 1.06 |
| Storage Stability | 1 year |
| Biodegradability | Readily biodegradable |

ADDITIONAL INFORMATION

Keep container closed when not in use. Store in a cool, dry place. Do NOT allow product to freeze. If freezing occurs, stir gently to reconstitute. Dispose of container in accordance with all federal, state and local regulations. Read label for general warnings, cautions and usage information.
