

TUNNEL WASH

FOUR-PART CLEANING SYSTEM

#2 FILM RELEASE

Tunnel Wash #2 Film Release is a pre-soak sprayed over the entire truck and trailer using the robotic tunnel washing equipment. This product loosens road film on the target's surface for a brighter, cleaner wash.

DIRECTIONS

#2 Film Release's standard dilution ratio is 1-part chemical to 50-parts water. Apply with robotic equipment in the tunnel wash just before the #3 wash.

ADDITIONAL INFORMATION

Store in a cool, dry place. Do NOT allow product to freeze. If freezing occurs, stir gently to reconstitute. Dispose of container in accordance with all federal, state and local regulations. Read label for general warnings, cautions and usage information. All detergents used in the manufacturing of this product are biodegradable.
