GREEN CHOICE MAGIC BRITE

DRIVEWAY, WALKWAY, CONCRETE AND BRICK WASH

Green Choice Magic Brite Driveway, Walkway, Concrete and Brick Wash meets EPA Safer Choice Direct Release Criteria and exhibits a unique chemical essay and proven chemical performance. This product is concentrated allowing you to use only the amount of product that gets the job done for you. **Green Choice Magic Brite** Driveway, Walkway, Concrete and Brick Wash DOES NOT contain bleach or hydrogen peroxide that are corrosive and may harm animals, plants and metal. **Green Choice Magic Brite** removes stains from algae, mold, mildew, pollen and other organic stains from surfaces such as brick, concrete, painted surfaces, metal, vinyl and more. **Green Choice Magic Brite's** unique formulation allows it to be sprayed or foamed onto vertical surfaces allowing for more contact time on severely stained or dirty areas.

TECHNICAL DATA

Form	Liquid
Fragrance	None
Color	No dye
Wetting Ability	Excellent
Foaming	Excellent
Cold Stability	32°F
Flashpoint	None
Solubility in Water	Complete
pH	≥ 2.00
Weight per Gallon	9.4 lbs/gal
Specific Gravity	1.13
Storage Stability	1 year
Biodegradability	Readily biodegradable

GREEN CHOICE MAGIC BRITE

DRIVEWAY, WALKWAY, CONCRETE AND BRICK WASH

DIRECTIONS

For extreme cleaning, do not dilute. For medium to heavy jobs, dilute to 1:1 up to 1:4 with water. Apply using a pump-up sprayer, foaming sprayer, or meter through a downstream injector for your pressure washer. Using a foaming sprayer will allow this unique product the ability to cling to vertical surfaces increasing the surface contact time and producing excellent results. When foaming or spraying on, allow 3 - 5 minutes of contact time, then pressure off with water hose, high-pressure washer, or agitate with brush and rinse with potable water. Now, enjoy the environment a little more knowing you are using a product that meets EPA Safer Choice Direct Release Criteria.

ADDITIONAL INFORMATION

Keep container closed when not in use. Store in a cool, dry place. Do NOT allow product to freeze. If freezing occurs, stir gently to reconstitute. Dispose of container in accordance with all federal, state and local regulations. Read label for general warnings, cautions and usage information.
